Level 3 students are fully qualified, working in salons and are now studying advanced hairdressing. They only have one lesson per week on a Thursday evening.

We are the training department for Hairdressing, Beauty Therapy and a variety of holistic therapies at City College Brighton and Hove. The students are working towards NVQ qualifications therefore your support and patience is required. As this is a training establishment treatment times will vary, any timing stated will only be an approximation. Please be assured the students are supervised by fully qualified tutors with many years of practical experience.

We use the best products available for your treatments, most of which you can purchase at reception.

All visitors must report to the Hair and Beauty reception on the 10th Floor where you will be collected for your treatment.

All staff and students appreciate your patience and thank you for supporting the students learning. Please do not hesitate to ask if you require any additional information or assistance.

Vouchers are available for the perfect gift. Please ask at reception for details.

Facials

City College uses the Eve Taylor and Dermalogica skin care ranges. They both use the finest ingredients available and contains no artificial colours or fragrance. All products are cruelty free and not tested on animals. Most products are available to purchase from reception.

Basic Eve Taylor facial:	£10.00
Treatment to cleanse, tone, exfoliate, massage, mask and moisturise.	

Deluxe Eve Taylor facial:	£14.00
More specific to the clients needs includes a luxury mask.	

Electro-therapy Facials: £14.00 or £60 for a course of 6

These include the basic Dermalogica facial using electrical equipment to enhance the effects of the facial and the products. For optimum results we recommend you have them in courses of six. Choose from:

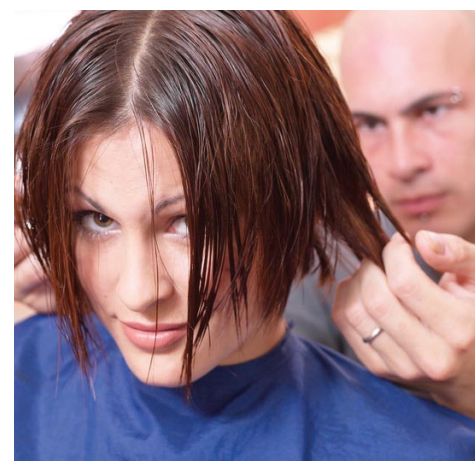

Galvanic: A deep cleansing and nourishing facial that greatly improves the condition of any skin type.

Faradic:* A firming and toning facial designed to lift the facial contours and improve the appearance of slackened skin.

Vacuum suction:* A detoxifying facial using lymphatic drainage to improve different skin conditions, reduce puffiness and tone the skin.

High frequency:* A deeply relaxing and effective facial that can be tailor-made for different skin types to nourish and soothe the driest of skins or effectively treat oily or congested skin conditions.

* All of the above electrical treatments can be combined to meet your specific needs at no extra cost. Please ask your therapist for details.

Massage

Full body massage:	£10.00
A one hour full body massage using a combination of massage techniques. This treatment will help to release muscular tension, increase circulation and enhance relaxation.	

Back, neck and shoulder massage:	£5.00
A massage that focuses on areas of tension on the back and shoulders.	

Deep tissue massage:	£9.00
A deep treatment that concentrates on areas prone to stress, injury and tension. This treatment includes massage and manipulation movements.	

Aromatherapy massage:	£12.00
This specialised massage is applied using essential oils specifically chosen to suit your needs. It helps to promote homeostasis and promotes tranquillity and relaxation.	

Indian head massage:	£7.00
A massage to the upper body (back, arms, shoulders, neck face and scalp). This massage is stimulating to the body systems, revitalising, yet relaxing and balancing.	

Reflexology:	£8.00
A powerful treatment to the feet that works on the principle that there are reflex areas on the hands and feet that correspond to various body parts and organs of the body. It helps to release tension and to promote relaxation and well being.	

Electro-therapy body treatments: £8.00 or £40 for a course of 6

Faradic: A firming and lifting treatment designed to tone slackened muscles and aid in inch loss.

Galvanic: An effective treatment to improve the appearance of cellulite and the overall condition of the skin.

Vacuum Suction: A detoxifying treatment using lymphatic drainage tone, reduce puffiness and ease water retention.

Microcurrent: A firming and lifting treatment designed specifically for slackening of the bust and upper arm area.

G5 Mechanical Massage: ** Can be used in conjunction with all of the above treatments to improve circulation and aid in the reduction of cellulite.

Audio Sound Therapy: ** A deeply therapeutic treatment that can be used in conjunction with other electro-therapy treatments to ease tension and aid in the healing of specific areas.

High Frequency: ** An anti-bacterial addition to any electro-therapy treatment to reduce oiliness

** All of the marked treatments are available as additions to any electro-therapy body treatment. They are not available as single treatments and cost an extra £2.00 to add on to a treatment.
